

## Hydronic Specialties

<b>Hydronic Boilers</b>	<b>U.S. Boiler (Burnham):</b> Residential, light commercial hydronic heating boilers. Firetube and water tube boilers that are quiet and feature the intuitive Sage control system. <a href="http://usboiler.net">usboiler.net</a>
<b>Mixing/Tempering Valves</b>	<b>Paxton:</b> 3/4" to 3" stainless steel valves for commercial applications. <a href="http://paxtoncorp.com">paxtoncorp.com</a>
<b>Hydronic Accessories</b>	<b>Elbi of America:</b> Residential and commercial expansion tanks, commercial hydronic accessories, and Commercial Storage tanks.. <a href="http://elbi.net">elbi.net</a> <b>Miljoco:</b> Temperature and pressure gauges. <a href="http://miljoco.com">miljoco.com</a> <b>Boiler Buddy:</b> Buffer tank.
<b>Circulators, Pumps, Recirc Systems</b>	<b>AquaMotion:</b> Super efficient, eco-friendly, pumps, circulators & recirculation systems. Very easy to install and maintain. <a href="http://aquamotionhvac.com">aquamotionhvac.com</a>
<b>Heat Exchanger</b>	<b>SWEP:</b> Brazed plate heat exchangers, single and double wall options. <a href="http://swep.net">swep.net</a>
<b>Radiant Heating</b>	<b>Thermalboard:</b> 5/8" tall composite plywood radiant floor with aluminum heat transfer, grooved out to 8" on center, using 3/8" tubing. <a href="http://thermalboard.info">thermalboard.info</a>
<b>Radiant Insulation</b>	<b>NOFP:</b> Easy-to-install flexible foam insulation for hydronic radiant systems. <a href="http://nofp.com">nofp.com</a> <b>rFoil:</b> Easy to install roll out reflective radiant insulating material. <a href="http://rfoil.com">rfoil.com</a>
<b>Fan Convectors</b>	<b>Myson RCU:</b> Recess wall-mounted with flow and zone control built in. <a href="http://mysoncomfort.com">mysoncomfort.com</a> <b>Myson:</b> Kickspace, wall units, hot & chilled water fan convectors. <a href="http://mysoncomfort.com">mysoncomfort.com</a>
<b>Radiators</b>	<b>Myson:</b> Décor, and Select style radiators. Recessed and wall mounted fan convectors for residential and multifamily residential applications. Wall mounted electric resistance heaters. <a href="http://mysoncomfort.com">mysoncomfort.com</a>
<b>Baseboard</b>	<b>Jaga:</b> Recessed custom home wall, ceiling and floor heating and cooling units. <a href="http://jaga-usa.com">jaga-usa.com</a> <b>Embassy:</b> Cost competitive residential baseboard. <a href="http://embassyind.com">embassyind.com</a>

## Controls

<b>Controls</b>	<b>HBX Control Systems:</b> WiFi thermostats. Whole house control, boiler staging control, radiant floor and heat pump controls. <a href="http://HBXcontrolsystems">HBX control systems</a>
-----------------	---

## Plumbing

<b>Electric Water Heater</b>	<b>Hubbell:</b> Engineered residential, commercial, Industrial tank type and instantaneous water heaters. <a href="http://hubbellheaters.com">hubbellheaters.com</a>
<b>Steam To Water Generators</b>	<b>Hubbell:</b> Semi-instantaneous steam fired ASME water heater utilizes steam for heating potable water in heavy duty commercial applications without storage tank. <a href="http://hubbellheaters.com">hubbellheaters.com</a>
<b>Pressure Booster Systems</b>	<b>Canariis:</b> A wide range of domestic water pressure booster systems. <a href="http://canariis.com">canariis.com</a>

## Heat Pumps and Air Handlers

<b>Heat Pumps</b>	<b>Hubbell:</b> Heat pumps with electric backup. <b>Aermec:</b> The ANK reversible heat pump produces hot water of up to 60°C in outdoor temperatures between -20°C and 42°C. It reduces heating costs by up to 30% compared with the best conventional systems and condensation boilers. <a href="http://aermec.com">aermec.com</a>
<b>Air Handlers</b>	<b>Jaga:</b> Recessed custom home wall, ceiling and floor heating and cooling units. <a href="http://jaga-usa.com">jaga-usa.com</a>

## Solar Hot Water

<b>Note:</b> JTGMuir can include all necessary solar specialties to make a complete solar hot water system. This includes controls, drain back tanks and pumps.	<b>AET:</b> Solar thermal systems. Flat Plate solar thermal collectors, CSI approved for residential DHW systems low income housing rebates. <a href="http://AETsolar.com">AETsolar.com</a> <b>Powerpanel:</b> Solar electric and solar hot water systems.
---	---

## Water Treatment Chemicals

<b>Water Treatment</b>	<b>Fernox:</b> Hydronic non toxic chemicals, and open loop exchanger cleaning chemicals. Propylene glycol, non-toxic. <a href="http://fernox.com">fernox.com</a> <b>JJM:</b> Condensate neutralizers, residential and Commercial. <a href="http://jjmboilerworks.com">jjmboilerworks.com</a> <b>GTP:</b> Residential hydronic feeder systems. <a href="http://gtpcompany.com">gtpcompany.com</a>
